

REQUEST FOR ACTION

To: Ted Rauh
Program Director
Waste Compliance and Mitigation Program

From: 
Mark de Bie, Division Chief
Permitting and Local Enforcement Agency Support Division
Waste Compliance and Mitigation Program

Request Date: April 30, 2010

Decision Subject: Concurrence on Proposed Modified Full Solid Waste Facilities Permit for Victorville Sanitary Landfill, SWIS No. 36-AA-0045

Action By: June 11, 2010

Summary of Request: This is a request that the Director take action on a proposed revision to the Solid Waste Facilities Permit for the Victorville Sanitary Landfill, SWIS No. 36-AA-0045, located in San Bernardino County. Staff's findings and recommendations are provided relative to the proposed action.

The proposed permit was received on November 23, 2009. At the request of the operator, the proposed permit was returned to the Local Enforcement Agency on January 6, 2010. A different version of the proposed permit was received on April 12, 2010. Action must be taken on this permit no later than June 11, 2010. If no action is taken by June 11, 2010, the Director will be deemed to have concurred with the issuance of the proposed permit.

Recommendation: Based on our review of the submitted permit package, staff recommends the Program Director concur with the issuance of the permit. All of the required submittals and findings required by Title 27, Section 21685 have been made and the required CEQA findings have been made in support of concurrence. The Final Environmental Impact Report was certified and a Statement of Overriding Considerations was adopted by the San Bernardino County Board of Supervisors on June 15, 2004. The EIR identified significant and unavoidable environmental impacts to aesthetics and air quality, and cumulatively for aesthetics and air quality. These findings are summarized in the Waste Compliance and Mitigation Program Staff Report. The documents on which staff's findings are based are in the facility files. Details on the findings are presented in more detail in the Waste Compliance and Mitigation Program Staff Report.

Program Director Action: I have reviewed and considered the information contained in the Final Environmental Impact Report (FEIR) prepared for this proposed solid waste facilities permit or the project which this proposed permit is a part, including the environmental effects of the project as described in the FEIR.

On the basis of the information and analysis in this Request for Action and the findings set out in the Department staff report, I adopt as the Department's own, the CEQA findings and Statement of Overriding Considerations, adopted by the San Bernardino County Board of Supervisors for this project and I concur in the issuance of the Modified Full Solid Waste Facilities Permit for Victorville Sanitary Landfill as proposed.

Victorville LF Request for Action Memo
